Winemaking: Defined by the idea of movement, Migration is dedicated to exploring Pinot Noir and Chardonnay from the finest cool-climate winegrowing regions. This exploration began in the acclaimed Anderson Valley, where cool nights, clay soils and fog-enveloped mornings helped to shape a refined and compelling style balancing vibrancy and finesse.	Tasting Notes: This is a complex, red fruit-driven Pinot Noir with a rich entry, balanced acidity, good length and substantial structure. In both the aromatics and on the palate, enticing notes of cranberry and strawberry take center stage supported by layers of cola and spice, as well as savory elements of leather, tomato leaf and bacon fat.
